

## 1992 Vindex 3000 Flybridge

Price: \$134,000

Vindex 3000, designed by Jim Young & built by Senior boatbuilders of GRP. Beautiful Teak interior is a standout feature of the Senior built 3000's and this one is in superb condition. launched 1992 and powered by a 230hp Volvo diesel giving 12-lph @ 16kts with a max of 22kts. Bow thruster for easy maneuvering and auto anchor for convenience. A great family boat with two cabins, a double master and a 3-bunk cabin. Fully canvas enclosed fly-bridge and cockpit. Lots of upgrades to the engine including new turbo, exhaust elbow, aftercooler, fuel lines, water pump and new stern leg in 2022.

At 10.1m LOA she fits neatly into a 10.5m berth.

The owner has not been able to use this launch much in the last few years, however maintenance has been kept up and she is a very desirable example. **NB:** Her stern leg has less than two hours run time on it since new in 2022.

Please contact the owner's sole agent Ian Duncan for your private viewing at Gulf Harbour Marina.
