

1975 Jack Brooks Motor Sailor

Price: \$45,000

The ultimate family cruiser- Chia. She has been lovingly cared for and maintained by her owner for the past 20 years but family growing up and moving away has meant it's time for a change. Don't miss the opportunity to own this spacious, sea kindly vessel. Designed by John Brooks and launched in 1975, she has had most of her upgrades done- The powerful 65hp Ford was completely re-conditioned 350 hours ago, exterior was repainted last summer including the removal of all deck fittings, cleaned up and re-sealed, windows resealed 1 year ago. Underway she sails beautifully and can readily reach 7 knots. If you're looking for a vessel with space for the whole family- Chia is the one! She has a fantastic layout, she has a spacious aft cabin with a large double berth, full headroom shower and plenty of storage, 2 single berths in the saloon along with a table that converts to an artist's easel and an inside helm, forward of this is her fully equipped galley to port, and electric head to starboard. There is a single berth which runs under the saloon here, then a double 'v' berth up forward. The cockpit is super roomy, with tiller steering and a walk-through transom with a swimming platform.
