

1976 Vindex 35

\$65,000

Triton II was launched in 1976 after construction was completed in Dargaville. Built strongly to Jim Youngs design, in Double Diagonal Glassed construction. She is powered by a 210hp Caterpillar diesel engine driving a shaft driven propeller, delivering 8 - 14 knots. She has an extended boarding platform, and a good water sports or sundowner cockpit with fridge on portside. Access to flybridge is via a ladder. Open flow to the saloon with convertible settees/berths, on either side. Galley is forward and to port, and the helm station is to starboard. Down the forward companionway, there are bunks to port, a head with shower, and a vee-berth in the bow.
