

Farr 9.2

Price: \$35,000

Design #86 from the drawing board of renowned designer Bruce Farr is the Farr 30/Farr 9.2.

This design was conceived following several requests for a good all-round safe, economical, fast cruising yacht of 30 ft overall length. There were requests for a fixed keel boat and also a lift keel boat that could be trailered, and for this reason the beam was kept below 9 ft 6 in to allow semi-permanent over width trailering permits.

This produced a yacht with a moderate beam/length ratio which guarantees very fast speed and easy handling reaching and downwind. Upwind performance and initial stability at rest is provided by the ballast being set very low in the lift keel version and firm bilges which gives the boat a great deal more stability than its ballast and displacement figures would suggest. However, this fixed keel version carries a higher ballast ratio with the lead still located low down in the shallower keel and has similar stability to the lift keel version. This design will fill a great number of individual needs as well as being an excellent all-purpose yacht, and is one that will develop well into a class or club racing yacht, providing exceptional interior accommodation per dollar spent, a stable, safe family yacht, as well as a very high performance potential for those people who see no reason for a cruising yacht not to be very fast and/or wish to race their yacht in one-design or club races.

Description

Type: Keeler

LOA: 9.22m

LWL: 7.85m

Beam: 2.84m

Draft: 1.58m

Berths total: 5 - 6

Designer: Bruce Farr

Launched: 1985

Last Refit: Consistently maintained.

Engine: Yanmar 2gm20

Engine hp: 20hp

Cooling: Heat Exchanger

Fuel: Diesel

Fuel capacity: 20l tote

Cruising speed: 5 knots

Max speed: 8 - 9knots

Range: 1ltr/hour @2600rpm

Transmission: Sail drive

Propellor: 3 blade folding prop.

Hull material: Fiberglass

Construction: Grp

Electrics: House and start batteries 2018, 100w solar panel and inverter

Entertainment: Stereo and speakers

Water capacity: 160 ltrs

Water System: 12v pump

Head: 1

Galley: 3 burner stove, Compressor driven freezer.

Communications: VHF

Navigation and Electronics: B&G/plotter charts, B&G Vulcan GPS, Speed, Depth, Sailing instruments.

Sails: Main x 2, Genoa, Jib, Spinnaker

Winches: Self tailing

Ground Tackle: Ronca anchor + 10m of chain and 100m of warp

Anchor winch: Maxwell winch new 2020

Extras: Antifouled Jan 2023, Aluminium gas bottle, Manual and electric bilge pumps.

Tender: Dingy included in the asking price.
